§ FCC Warning Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

•FCC WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful

interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

USB Cable: Connections to this device must be made with shielded cables with metallic RFI/EMI connector hoods in order to maintain compliance with FCC Rule and Regulations.

§ Limited Warranty Terms

The I-O DATA DEVICE, INC. warranty obligations for this hardware product are limited to the terms set forth below:

I-O DATA warrants its products to be free of defects in material and workmanship under normal use and service for a period of 2 years from the date of purchase. I-O DATA's sole obligation with respect to claims of non-conformance made within the warranty period described above shall be to replace any item of Equipment that I-O DATA, in its sole discretion, determines to be defective, subject to the procedure set forth below.

I-O DATA's warranty obligations hereunder are expressly conditioned upon:

- the Products being properly installed, used and maintained at all times by Customer;
- the Products not being subject to unusual mechanical stress or unusual electrical or environmental conditions or other acts of God;
- the Products not being subjected to misuse, accident or any unauthorized installation/deinstallation by Customer or other third party;
- the Products not being altered or modified in an unauthorized manner, unless approved in writing or otherwise performed by I-O DATA and;
- Customer promptly installing all Product revisions that have been released for such Products by I-O DATA throughout the warranty term.

I-O DATA does not warrant that the Products will operate in any specific combination that may be selected for use by Customer or that the operation of the Products will be uninterrupted or error free, or that all non-conformance or defects will be remedied. Additionally, I-O DATA shall have no warranty obligations for any failure of the Products to conform to the applicable product specifications resulting from the combination of any Product(s) with hardware and/or software not supplied by I-O DATA. If it is determined that any Product(s) reported as defective or non-conforming by Customer during the warranty period is not defective or non-conforming, I-O DATA may, at its option, charge Customer for any labor provided and expenses incurred by I-O DATA in connection with such determination, at I-O DATA's then current rates. I-O DATA is not liable for any damage to or loss of any programs, data, or other information stored on any media contained within the I-O DATA hardware product, or any non-I-O DATA product or part not covered by this warranty. Recovery or reinstallation of programs, data or other information is not covered under this Limited Warranty. I-O DATA shall not be responsible for unauthorized sale or misrepresentation by unauthorized third party resellers. I-O DATA warranties are not transferable with ownership. Products purchased by auction, yard sale, flea market or purchased as demo units may not be covered under I-O
